## Summary

• Experienced TS//SCI cleared leader and technical professional with a commitment to life-long learning and growth. I am passionate about information security and project and personnel management seeking to bring decades of government and military leadership, intelligence, and technical experience to bear in the information security space. Current military obligation ends mid-2023; seeking opportunities beginning as early as August 2023.

## Experience

### **Director for Southeast Asia, Japan, and Trans-regional Issues**

**July 2019-Present**

#### **Office of the Director of National Intelligence**

**Washington, DC**

- Represented the National Intelligence Manager for East Asia (NIM-EA) in all matters related to cyberspace including national policy, cyber threat intelligence, and intelligence relationships.
- Advocated for NIM-EA equities in numerous interagency working groups throughout the US Government and US Intelligence Community (IC).
- Created national policy and advocated for IC and NIM-EA equities as a member of the Sub-Policy Coordination Committee process at the National Security Council.
- Prepared executives for US government and international engagements by developing remarks, talking-points, and background materials.

### **Intelligence Analyst**

**July 2018-July 2019**

#### **US Department of State**

**Washington, DC**

- Created all-source intelligence analysis and briefs as a military forces and technology analyst for Africa and the Western Hemisphere as a member of the US Department of State's (DOS) Bureau of Intelligence and Research.
- Provided intelligence brief's to DOS seniors up to and including the Assistant Secretary Level on military activities in Africa and the Western Hemisphere.
- Engaged in international partnership and intelligence sharing with allied nations by participating in intelligence and analytic exchanges.
- Drafted intelligence products that directly affected Secretary level decision making.

### **Executive Officer & Platoon Commander**

**November 2014 - May 2017**

#### **2d Radio Battalion, United States Marine Corps**

**Camp Lejeune, NC**

- As Company Executive Officer (XO) facilitated the training and deployment of three Signals Intelligence collection, analysis, and support platoons in support of national objectives. The company was composed of in excess of 130 personnel and in excess of \$25 million in equipment.
- Led, trained, and mentored a platoon of 38 Signals Intelligence Marines and \$9 million in equipment in preparation for and execution of an international deployment in support of national interests on the African continent.
- Exceeded standards both as XO and platoon commander in three separate equipment maintenance and readiness inspections during my tenure in the battalion.

### **Marine Musician**

**June 2003 - June 2010**

#### **United States Marine Corps**

**Georgia, California, Iraq**

- As Assistant Drum Major, led the ceremonial band in high-profile performances throughout the country.
- As Platoon Sergeant, led trained, and mentored approximately 35 subordinates in daily and routine tasks.
- Deployed in support of Operation Iraqi Freedom in 2007-2008 and served as Watch Officer overseeing Forward Operating Base Security in Trebil, Iraq.
- Performed nationwide as a clarinet instrumentalist for audiences in the tens-of-thousands as a member of the Marine Corps Logistics Command Band and the 1st Marine Division Band.

## Volunteering

### **Audio Engineer at National Community Church 2017-2020**

- Volunteered as audio engineer for my local Church from 2017-2020. Church service consisted of a live 5-8 piece band performance followed by a video sermon.

## Education

### **Bachelor of Arts in Computer Science**

Minor in Mathematics – University of San Diego – San Diego, CA – 2013

### **Graduate Certification in Incident Response**

SANS Institute – Online – 2021 (expected)

## Certifications

GCIH, GCFA (exp. Dec 2019), Security+
